

WEDNESDAY, OCTOBER 3

08:00 - 17:45	JM EUPO Course 2018 on Retina, Intraocular Inflammation & Uveitis	Hermes
---------------	---	--------

	HERMES	RHODES 1	RHODES 2	RHODES 3	RHODES 4	GALLIENI 1&2
08:30 - 08:45	P Welcome by the President EVER 2018 - BRON A					Hermes
08:45 - 09:15	P EVER-Acta Lecture: OCTA all what we need? - SOUBRANE G					Hermes
09:15 - 10:30	JM EUPO Course 2018 on Retina, Intraocular Inflammation & Uveitis	SIS G/ACB - Novel models to study glaucomatous neurodegeneration KOLKO M - CORDEIRO MF	C EOVS - Basic principles of state-of-the-art ophthalmic instrumentation IRSCH K - BERNARDES R	C MBGE - I have received a mutation report for my patient, but i don't know what it means! LISKOVA P - DUDAKOVA L	C ACB - How to study mitochondria function, structure and clearance? KAARNIRANTA K - BLASIAK J	SIS G/COS - Ocular surface in glaucoma - why bother? NORMANDO EM - RATNARAJAN G
10:30 - 11:00	SOC Coffee break					Exhibition area
11:00 - 11:30	KN EVER Lecture: Ocular Inflammation - delivered by the Past President - DICK A					Hermes
11:30 - 12:45	JM EUPO Course 2018 on Retina, Intraocular Inflammation & Uveitis & closure	SIS G/LC - P+p (phaco 'plus' procedures) - revolutionising glaucoma care BLOOM P - AHMED F	C COS - Corneal nerves in health and disease GALLAR J - KOVACS I	SIS PBP - Cone photoreception in human retina: structure and functional evaluation of the human fovea DE LA VILLA P - VIDAL-SANZ M	C ACB - Proteomics- a tool to find relevant biomarkers for ocular diseases, drug development and safety UUSITALO H - BEUERMAN R	SIS IM - Don't miss the diagnosis! how to survive against the worst enemies in your daily practice NERI P - KHAIRALLAH M
12:45 - 14:00	CIS Luncheon CIS: Nothing to fear about Demodex - JAMEST					Rhodes 2
14:15 - 14:45	KN Keynote Lecture: An eye on aging and disease - APTE RS					Hermes
14:45 - 16:00	SIS RV - Bionic eye - where are we now? LYTVYNCHUK L	SIS G/LC - Simulated ocular surgery - part II SUNARIC MEGEVAND G - PRIOR FILIPE H	SIS COS/ACB - Aniridia-associated keratopathy (aak): from disease mechanisms to treatments LAGALI N - WYLEGALA E	SIS PBP - Pathogenic role of the microglia in neuroretinal diseases RAMIREZ JM - VIDAL-SANZ M	SIS ACB - Crosstalk of mitochondria and lysosomes in the degeneration of rpe KAARNIRANTA K - UUSITALO H	SIS MBGE - Controversies in epidemiology: beneficial or harmful effects of nutritional supplements in the prevention of AMD? GRAW J - MCCARTY C
16:00 - 17:00	SOC Coffee break					Exhibition area
16:00 - 17:00	SOC Coffee with Profs					Poster area
16:00 - 17:00	POS Poster session: Retina/Vitreous - Physiology/Biochemistry/Pharmacology - Immunology/Microbiology					Poster area
17:00 - 18:15	SIS RV - Oct-angiography biomarkers in choroidal and retinal disease BAILLIF S - SOUBRANE G	SIS G - Laser treatments for glaucoma - old headlines or breaking news? CRAWLEY L - AMEEN S	C G - YOS - Landmark papers in ophthalmology - how to do one! JóHANNESSON G	SIS PO - Genetic predisposition syndromes in ophthalmology KIVELÄT - MOURIAUX F	SIS ACB - Ocular surface as a target for drug development UUSITALO H - BEUERMAN R	SIS MBGE - Grand rounds in animal & human genetics LEROY B - GRAW J
18:30 - 19:30	SIS Evening SIS: What does TFOS DEWS II bring to your clinical practice? - ROLANDO M					Rhodes 2

08:30 - 09:45	SIS RV - Ischemic ocular diseases: raise the red flag! AMBRESIN A - POURNARAS JA	SIS G - Maximising information extraction from biological data DAVIS B - NORMANDO EM	C COS - Optical imaging techniques for the cornea and anterior eye segment - pearls and pitfalls SZENTMARY N - WYLEGALA E	SIS IM - Therapeutic update: biologic agents in uveitis VAN CALSTER J - BODAGHI B	SIS LC/RV - New approaches in myopia diagnosis, prevention and treatment GRZYBOWSKI A - ASCASO F	SIS MBGE/NSPH - Understanding retinal ganglion cell loss - from genes to disease mechanisms VOTRUBA M - YU-WAI-MAN P
09:45 - 10:15	KN Keynote Lecture: The Axon is dead: long live the Axon! - LEVIN L					Hermes
10:15 - 10:45	SOC Coffee break					Exhibition area
10:45 - 12:00	SIS RV - Laser photocoagulation of capillary macro-aneurysms in retinal vascular diseases DUPAS B - PAQUES M	SIS G - EVER Obergurgl optic-nerve-conference symposium 2017 GRUS F - CROWSTON J	C COS - Diagnosis and treatment of infectious keratitis in the clinical practice today SZENTMARY N - SEITZ B	SIS IM/PO - Uveitis: translational insights in invasive diagnostics VAN CALSTER J - VAN GINDERDEUREN R	SIS LC - Optical and refractive changes with aging MICHAEL R - ROZEMA J	SIS LC/MBGE - Cholesterol, oxysterols and eye disease QUINLAN R
12:00 - 12:30	KN European Ophthalmology Heritage Lecture: A brief history of cataract surgery - DE LAEY JJ					Hermes
12:30 - 13:30	CIS Luncheon CIS: Innovations & Novel Products in Ophthalmology (INPO)					Hermes
12:30 - 13:30	SIS COS/MBGE - TFOS DEWS II: Dry Eye redefined - VILLANI E - SULLIVAN DA					Rhodes 1
12:30 - 13:30	CIS Luncheon CIS: Guangdong Ophthalmologist Association (GDOA)					Rhodes 3
13:30 - 14:45	SIS RV - Macular interface surgery PAPPAS G - POURNARAS JA	SIS G/IM - The latest update on uveitic glaucoma POURJAVAN S - NERI P	SIS COS - New approaches for unmet needs in anterior segment diseases FUCHSLUGERT - FERRARI G	C PO - Conjunctival tumors DESJARDINS L - MOULIN A	SIS PBP/ACB - Modern tools to examine the retina VIDAL-SANZ M - SALINAS NAVARRO MA	SIS MBGE - New insights in ocular developmental dysgenesis CALVAS P - ROZET JM
14:45 - 15:45	SOC Coffee break					Exhibition area
14:45 - 15:45	SOC Coffee with Profs					Poster area
14:45 - 15:45	POS Poster session: Glaucoma - Neuro-ophthalmology/Strabismology/Paediatric/History - Electrophysiology, physiological Optics, Vision Sciences - Molecular Biology/Genetics/Epidemiology					Poster area
15:45 - 16:15	BM Business Meeting RV/LC	BM Business Meeting G/EOVS	BM Business Meeting COS/NSPH	BM Business Meeting PO/PBP	BM Business Meeting IM/MBGE	BM Business Meeting ACB
16:15 - 17:30	SIS RV - Advanced oct and oct-angiography in challenging cases POURNARAS C - ZOGRAFOS L	SIS G - Neuroprotection in glaucoma - challenges and opportunities DAVIS B - DE GROEFL	SIS COS - Translational concepts in ophthalmology JUENEMANN A - SEITZ B	C PO - Orbital inflammation MOURIAUX F - KIVELÄT	SIS ACB/COS - Scleral contact lenses: hands on - fitting, maintenance & clinical advantages - it's no magic! KNOPE	SIS MBGE - Gene regulation in eye development and disease CZEKLA A - KOZMIK Z
17:30 - 18:00	KN Keynote Lecture: Microarchitecture and timeline of geographic atrophy: the x,y,z,t of AMD - CURCIO C					Hermes
18:00 - 19:15	SIS RV - Adaptive optics: clinical applications and beyond PAQUES M - GRIEVE K	SIS NSPH - From Francisco de Goya's eyesight difficulties to famous one-eyed warriors GRZYBOWSKI A - ASCASO F	SIS COS - Keratoconus - from molecular/biological background through corneal stabilization to keratoplasty SZENTMARY N - SEITZ B	SIS PO - Intravitreal pharmacotherapy in ocular oncology ZOGRAFOS L - DESJARDINS L	SIS ACB/COS - Keratoconus in all its states under a contact lens KNOPE E - MEKKI MB	SIS NSPH - Understanding ocular anterior dysgenesis phenotype genotype BREMONT-GIGNAC D - ATILLA H
19:15 - 19:45	GA EVER General Assembly					Hermes

08:30 - 09:45	SIS RV - Controversies in new technology for the diagnosis and management of retinal and choroidal disease PAPASTEFANO V - XIROUT	SIS G - Ocular imaging in glaucoma GARHOFER G - SCHMETTERER L	SIS COS - Visual rehabilitation in keratoconus beyond keratoplasty GATZIOUFAS Z - SZENTMARY N	JM OOG Ocular Oncology Group I - Ocular adnexa, imaging and intraocular tumors HEEGAARD S - KIVELÄT	SIS ACB/RV - Functional hypoxia in the eye: a role for hypoxia-inducible factors ANDRE H - KAUPPINEN A	SIS MBGE - The role of non-coding variants in ocular disease LISKOVA P - DE BAERE E
09:45 - 10:15	KN Ophthalmic Research Lecture: DARC Development and Translation - CORDEIRO MF					Hermes
10:15 - 11:15	SOC Coffee break					Exhibition area
10:15 - 11:15	POS Poster session: Cornea/Ocular Surface - Anatomy/Cell Biology - Lens and Cataract - Pathology/Oncology					Poster area
11:15 - 12:30	SIS RV - Management of proliferative diabetic retinopathy PAPPAS G - POURNARAS JA	SIS ARVO@EVER - Advances in glaucoma CORDEIRO MF - BRON A	RF EOVS - Rapid Fire session LAWRENSON J - CASTELO-BRANCO M	JM OOG Business Meeting HEEGAARD S	RF IM/LC - Rapid Fire session PICI F - NERI P - MICHAEL R - BARRAQUER R	SIS MBGE - Genetic models to human ocular diseases ASHERY-PADAN R - ABERDAM D
12:30 - 13:45	JM FAN Club VAN SCHOONEVELD M	SIS EOVS - Scattered light and visual function NAGRA M - BARBUR JL	SIS SOPREF - Eyelid and orbital tumors: diagnosis, treatment and biomarkers LAGIER J	JM OOG Ocular Oncology Group II - Uveal melanoma DESJARDINS L - ZOGRAFOS L	RF COS - Rapid Fire session GICQUEL JJ - SZENTMARY N	JM Women in EVER VOTRUBA M - KAWASAKI A
13:45 - 14:15	SOC Coffee break					Exhibition area
14:15 - 15:30	RF Young investigators' award session I POURJAVAN S - NERI P	SIS G/NSPH - Biomarkers in ophthalmology and beyond NORMANDO EM - CORDEIRO MF	SIS PO - New treatments in eye melanomas JAGER MJ - MOULIN A	SIS LC/COS - Customized intraocular lenses - challenges and limitations LANGENBUCHER A - EPPIGT	RF RV - Rapid Fire session POURNARAS JA - POURNARAS C	RF MBGE - Rapid Fire session LISKOVA P - GRAW J
15:30 - 16:45	RF Young investigators' award session II FUCHSLUGERT - BARRAQUER RI	RF G - Rapid Fire session NORMANDO EM - POURJAVAN S	SIS PO - Genetics in uveal melanoma HEEGAARD S - KILIC E	RF ACB - Rapid Fire session KAUPPINEN A - KAARNIRANTA K	RF PBP - Rapid Fire session OSBORNE N - VIDAL-SANZ M	JM Update in ophthalmology
16:45 - 18:00	P Prize Award Ceremony & Closing Remarks					Hermes

BM	Business Meeting	KN	Keynote lecture
C	Course	SIS	Special Interest Symposium
CIS	Industry Sponsored Symposium	SOC	Social
RF	Rapid Fire session	POS	Poster session
GA	General Assembly	P	Plenary session
JM	Joint Meeting		

ACB:	Anatomy / Cell Biology
COS:	Cornea / Ocular Surface
EOVS:	Electrophysiology / Physiological Optics / Vision Sciences
G:	Glaucoma
IM:	Immunology / Microbiology
LC:	Lens and Cataract

MBGE:	Molecular Biology / Genetics / Epidemiology
NSPH:	Neuro-ophthalmology / Strabismology / Paediatric / History
PBP:	Physiology / Biochemistry / Pharmacology
PO:	Pathology / Oncology
RV:	Retina / Vitreous
SOPREF:	Société Ophtalmologique Plastique Reconstructive et Esthétique Française
